

CUSTOMIZED GROUP PROGRAMS

In Europe, Africa, Asia-Pacific & The Americas

World Endeavors and Kaya Responsible Travel work together to offer immersive, educational travel programs in both popular and non-traditional destinations across Europe, Africa, Asia-Pacific, and the Americas.

With a year-round in-country presence in our locations, we can use our local expertise and industry knowledge to develop unique, structured, and culturally immersive group programs. These enable you to deliver on your learning goals while providing global insights and cross-cultural engagement.

WHY PLAN YOUR GROUP PROGRAM WITH US?

World Endeavors and Kaya programs are safe, well-organized, relevant, and affordable options for your students. These key considerations shape our program development as we work together to bring academic learning outside of the classroom.

We work closely with universities, colleges, high schools, and social groups to develop customized itineraries. Our team takes care of all the arrangements and provides in-country support, so you can focus on your program without having to worry about the logistics.

Our academic partners trust us to deliver safe, structured and supported programs that:

- Promote cultural immersion
- Deliver on learning outcomes
- Practice ethical community engagement
- Step off the beaten path
- Align with the UN SDGs
- Offer the broadest range of locations!

Whether your group is faculty-led or an unaccompanied cohort, we can provide the perfect level of support for your students and staff.

We also arrange virtual group programs for immersive global experiences without the travel!

WHAT CAN WE ARRANGE FOR YOUR PROGRAMS

We'll deliver a proposal that we can discuss and fine-tune.

APPROVAL

Once dates and itineraries are approved, we can support you in recruitment.

GET READY TO GO!

We'll support you in pre-departure planning, so you are ready to go!

"This program was so well put together. It was rigorous, organized, and exactly what we asked for. We had a great balance of service, academic, and cultural integration. The homestays are incredibly valuable."

Anne, Education Faculty, MI
